SKILLS

- Web Development
- Mobile Application Development
- Project Management
- SAP ERP

EDUCATION

Universitas Multimedia Nusantara

Bachelor's Degree, SAP ERP in Computer Science
2016 - 2021

PERSONAL

I worked as a freelance in web development (full-stack, back-end preferred) during college that received a few clients to help their business logic to be implemented in technology and also I helped my friend to run a community called EvoniX and built a multiplayer game server that gained 9,941 users registered and 6,666 active users. I have built a web application that is related to SAP ERP like Sales Force Automation, Production Planning, Material Management, Sales and Distribution, and Project Systems.

I usually do sports, playing games, watching movies, and learn something new during my free time.
