SKILLS

- Web Development
- Mobile Application Development
- Project Management
- SAP ERP

EDUCATION

Universitas Multimedia Nusantara

Bachelor's Degree, SAP ERP in Computer Science
2016 - 2021

PERSONAL

I worked as a freelance in web development (full-stack, preferred backend) during college that received a few clients to help their business logic to be implemented in technology and also I helped my friend to run a community called EvoniX and built a multiplayer game server that gained 9,941 users registered and 6,666 active users. Built web application that is related to SAP ERP like Sales Force Automation, Production Planning, Material Management, Sales and Distribution, and Project Systems.

I usually do sports, playing games, watching movies, and learn something new during my free time.
