### EDUCATION

#### Universitas Multimedia Nusantara

Bachelor's Degree, SAP ERP in Computer Science, 2016 - 2021

### PERSONAL

I worked as a freelance in web development (full-stack, back-end preferred) during college that received a few clients to help their business logic and learnt so many things in business, also I helped my friend to run a community called EvoniX and built a multiplayer game server that gained 9,941 users registered and 6,666 active users. I have built a web application that related to SAP ERP like Sales Force Automation, Production Planning, Material Management, Sales and Distribution, and Project System.

I usually do sports, playing games, watching movies, and learn something new during my free time.
